

Free To Shining Freedom:

A system for growing income starting with zero additional out-of-pocket investment

TINSTAAFL? “There Is No Such Thing As A Free Lunch”? Okay, maybe true, even breathing requires some muscular effort, HOWEVER: Investing no, (as in *zero*), funds out of pocket beyond whatever you’re already paying for computer use and internet access, instead applying only a couple of very focused hours of effort 4 or 5 days each week, it is entirely possible to start for free, build slowly, and become financially free.

In Phase I, we’ll establish some groundwork/basics, including tools necessary to receive emails for your business and online payment processors so you can receive your earnings. We’ll also start building your unique copy of our page.

In Phase II, we’ll introduce you to your initial income generators and a couple of rather cool concepts.

In Phase III, we’ll show you how to drive ever-increasing numbers of visitors to your page, and grow your team.

In Phase IV, we’ll show you how and where to invest your earnings for a balanced approach to more rapidly increasing your income.

In Phase V, we’ll show you how and where to re-invest your earnings for a balanced approach to even *more* income growth and finish building your page.

The program is broken out into these phases for a couple of reasons: First, it makes it easier to work the system in small chunks; Second, some folks don’t need to start from *absolutely* zero additional out-of-pocket investment (beyond the computer use and internet access they already have), so we’ll welcome them also, and, as they choose to join us, we will certainly support their efforts.

Phase I:

For each account you establish, you'll want to record 4 items: your sponsor's userID (if available), your userID, your Password, and (perhaps most importantly), your referrer link.

If you do not already have one, go to:

<http://www.gmail.com>

and establish a gmail email account (record your account information below) - this will be your "business" email address, useful for all of the programs listed in phases II, III, IV, and V:

PayPal and Alertpay are two of the major payment processors on the internet, most reputable businesses will accept (and pay you through!) one or the other.

If you do not already have one, go to [PayPal](#) and establish an account with them (record your account information below). Next go to [AlertPay](#) and establish an account with them (record your account information below). As soon as you have each account confirmed, record your information in a safe place.

Program name	Sponsor's ID	Your ID	Your Password	Your referrer link
Gmail				
PayPal				
AlertPay				

Once you've done all of the above, please [email us](#) with your referrer links and sponsor's ID so we can properly credit your sponsor and start building your page on our site.

Phase II:

TINSTAAFL? “There Is No Such Thing As A Free Lunch”? Okay, maybe true, even breathing requires some muscular effort, HOWEVER: Investing no, (as in *zero*), funds out of pocket beyond whatever you’re already paying for computer use and internet access, instead applying only a couple of very focused hours of effort 4 or 5 days each week, it is entirely possible to start, build slowly, and become wealthy via...

“THE AWESOME *POTHM*”!

The acronym is taken from gambling terminology. It stands for “Playing On The House’s Money”, and the concept works thus: There are thousands of marketers and advertisers desperate for your time, attention, and eyeballs, so desperate they’ll pay you for it – advertisers will buy your time and attention outright! No, most don’t become wealthy just clicking ads, because they just don’t understand how to work the system like the business it is. In Phase II of Free To Shining Freedom, you will join programs variously referred to as PTC (Paid To Click) or PTR (Paid To Read) – as most PTRs verify your reading with a link they ask you to click, I’ll refer to all of them as PTCs.

Some of them have different policies concerning how much you’ll need to earn before you can be paid, some of them pay different amounts per ad viewed/clicked, some of them require longer or shorter viewing times to get credited, and all of them have ads designed to pull you into investing in various opportunities: It is **extremely important** to remain focused on two things: First, the concept of “zero additional out of pocket”, and second, our reason for viewing these ads: We’re doing this to **get paid** for viewing ads, we already have our programs in place and, ideally, we are practicing FOCUS: Follow One Course Until Successful.

As before, you’ll want to write down the relevant information for each program before proceeding to and joining the next one:

Program name	Sponsor's ID	Your ID	Your Password	Your referrer link
ClixSense				
BuxAll				
RevBux				
BuxTo				
MatrixMails				
Hits4Pay				
AdCash				
InBoxDollars				
EMailCashPro				
My-PTR				
DealsNCash				
WordLinx				
ReNetworkers				
ASN				

Once you've done all of the above, please [email us](#) with your referrer links and sponsor's ID so we can properly credit your sponsor and continue building your page on our site.

We recommend multiplying your efforts and income ethically by sharing this master program with your team. All of these together should be less than 1 hour of your time daily.

We recommend a folder named PTC and filters for the bottom 6 in gmail, as they will send emails notifying you when you have ads to view: We also recommend a bookmark folder in your browser for the top 6, as they do not send emails when you have ads to view – they may not have new ads every day, so the time spent viewing them will vary, but logging in 5 days a week is a good idea to maximize earnings.

HERE'S THE IMPORTANT PART!

Once you're earning at least \$10.00 per month, in order to make the leap to the next level, you'll want to invest that \$10.00 in a very specific way:

Give \$1.00. Give it to whatever cause or whomever you feel is needy, deserving, worthy of your support, as long as you give it entirely away – this demonstrates your acknowledgement of available financial abundance, and re-affirms to your subconscious mind that you are moving into a state of wealth.

Save \$1.00. Put it in a piggy bank, a savings account, put it away, and don't spend it. If you don't pay yourself to secure your future, who will?

Spend \$2.00. Buy a small treat, a silly toy, lottery ticket, whatever makes you feel good. This helps with balance, because, after all, what's the good of earning if one can't enjoy giving, increasing one's security for the future, and a bit of fun today?

INVEST \$6.00 We'll show you where in phase IV! This is the first snowball at the top of the mountain, the one that will eventually build to an avalanche! But first...

Phase III:

No-cost promotional tools: Although many if not all of the promotional tools we'll be using offer various "upgrade" opportunities, we're staying with the "zero additional out of pocket" concept for now. The traffic exchanges, email list builders, rotators, and other tools listed below can be started and used free indefinitely, with our main focus being to generate as many unique visits to your page on our website as quickly and inexpensively as possible – the more people see your site, the better the odds that some of them will join your team!

Program name	Sponsor's ID	Your ID	Your password	Your referrer link
ListWonderExtreme				
SuperListExplode				
Revolist				
TrafficSword				
TPM Rotator				
URL Shortener				
ListAuction				
ListJoe				
TrafficSwarm				
TrafficSplash				
TrafficPunk				
ILoveHits				
TrafficTaxis				
AdKnowHow				
StartXchange				
TrafficWitch				
SkyscraperSurf				
HitSafari				
DragonSurf				

Once you're done registering with and joining all of the above, please [email us](#) with your referrer links and sponsor's ID so we can properly credit your sponsor and continue building your page on our site. We will respond with the URL of the page specifically created with your referrer links in place, this will be the URL for you to promote. We will also be driving traffic onto your page via our rotator, as your success adds to ours. Once you have referred 5 team members who are active in the "Free To Shining Freedom" system through at least Phase IV, [email us](#) and we'll discuss how to employ the site rotator tool to continue promoting your team members' pages to best advantage.

Gmail has a neat feature called filters: I highly recommend using them and folders to sort the email you'll be receiving: one folder for the hit exchanges (and a filter rule for each), one folder for the PTCs (again, a filter rule for each), one for email from your upline sponsors and one for your downlines' questions, one for your credit-based safelists

You may also wish to use the URL Shortener (ecash) to shorten your referrer links: remember to record the shortened links along with the long ones for handy reference.

Between the PTC programs of Phase II and the Traffic/Hit Exchanges and other promotional tools of Phase III, working this system should not take more than 2 hours a day – We are earning our way slowly and certainly toward the incomes we desire, burning out early helps no one.

Phase IV:

Invest \$6.00 of your monthly Phase II (at least \$10.00) earnings into the program listed here:

Program name	Sponsor's ID	Your ID	Your password	Your referrer link
3900 Income				

Once you're done registering with and joining the above, please [email us](#) with your referrer links and sponsor's ID so we can properly credit your sponsor and continue building your page on our site.

Ideally you should find your teammates following your example, and they should see theirs do the same, so that in a matter of a month or three, everyone should be seeing rapidly increasing earnings. What to do with those increased earnings? Once you're earning \$30.00 or more monthly, do the following:

Give \$3.00 (or 10 percent, whichever is more) – As before, you're affirming increasing abundance, and besides, it feels good.

Save \$3.00 (or 10 percent, whichever is more) – This is your future you're preparing for.

Spend \$4.00 – On anything you like, so long as you enjoy it now. Again, balance is important.

Invest \$20.00 – Into Phase V. Phase V is the last program currently recommended within the Free To Shining Freedom System, with a potential monthly income anyone should be able to live within quite comfortably.

Phase V:

Invest \$20.00 of your monthly (at least \$30.00) earnings from the programs in previous phases into the program listed here:

Program name	Sponsor's ID	Your ID	Your password	Your referrer link
Freebie Force				

Once you're done registering with and joining the above, please [email us](#) with your referrer links and sponsor's ID so we can properly credit your sponsor and complete building your page on our site.

Please note that until you've completed a given phase and emailed us your referrer links, the links to join the programs in that phase on your page will be your sponsor's links.

We know that some folks will get impatient and want to skip Phase II, maybe even Phase III, and jump from Phase I right into Phases IV and V. Although doing it this way requires small out-of-pocket initial investments instead of the zero additional out of pocket investment described at the Free To Shining Freedom website, if any of our team members wish to voluntarily work the short-cut, *and* still email us with their referrer links from the programs listed in Phases IV and V, we will still support them with a page of their own to promote – the links from the phases they choose to skip will still be their sponsors' links.

Thank you for reading this, thank you for your interest, we look forward to hearing from you as you complete the steps and phases "From Free To Shining Freedom"!

If you have any further questions, please [send](#) them to us.
